

Nencki Institute of Experimental Biology

Agnieszka Dobrzyn from the Nencki Institute among the Ministry of Science and Higher Education "Mobility Plus" team members

2011-04-04

The team will be responsible for evaluation of the applications submitted for both programmes, ranking the successful ones, recommending the level of funding, as well as evaluating requests for amendments to the 'Support of international mobility of researchers' programme grant agreements. The team will also pass their opinions and recommendations on the 'Mobility Plus' Programme actions to the Minister of Science and Higher Education. It has been nominated for 4 years (2011-2014).
