

Nencki Institute of Experimental Biology

Finissage of the Art & Science exhibition

2018-05-17

On 11 May 2018, the Art & Science exhibition was concluded at the Gallery of the Art Department of the University of Rzeszów. The exhibition was previously shown at the Nencki Institute PAS and at the Art Department of the University of Warmia and Mazury in Olsztyn. The exhibition is the result of the Symposium/Art & Science Workshops "*Bioimagine: Inspiration of Invisible World*", which took place in 2017 at the Hydrobiological Station of the Nencki Institute PAS in Mikołajki. The exhibition was

accompanied by the publication of a book describing the above-mentioned project (ISBN 978-83-7996-527-4). The Institute was represented by Adam Szewczyk and Hanna Fabczak (President of the Nencki Foundation). The University of Rzeszów was represented by Pro-rector for Science and International Cooperation, Marek Koziorowski, and the authorities of the Art Department Antoni Nikiel, Marek Olszyński and Magdalena Uchmann.
