

Nencki Institute of Experimental Biology

Group Leader Competition at the Nencki Institute

2015-05-20

On Monday, May 25th, we will host scientific session, during which the candidates shortlisted for the second stage of the Group Leader competition will present their achievements, as well as their plans for the future. The session is open and will take place in the Neurobiology Centre Conference Hall, at the Nencki Institute.

We cordially invite everyone to attend and participate.
