

Nencki Institute of Experimental Biology

MAESTRO grants from the National Science Centre (NCN) for Prof Katarzyna Kwiatkowska

2013-07-05

The prestigious MAESTRO 4 grant (for experienced scientists to carry out pioneering interdisciplinary research important for the advancement of science beyond the current state of knowledge, capable of producing breakthrough scientific results) was granted to Prof Katarzyna Kwiatkowska for a project entitled Nowe mechanizmy regulacji odpowiedzi zapalnej na LPS zależne od lipidów błony komórkowe.

Dr Anna Grzelczyk who received the FUGA 2 grant (for domestic postdoctoral scholarships) will join the team of Prof Kwiatkowska.

Nencki researchers were awarded grants under the calls: HARMONIA 4 and ETIUDA 1.

HARMONIA 4 – for research projects executed in international cooperation;

Dr Katarzyna Anna Radwańska

Dr Grzegorz Marek Wilczyński

Dr Witold Adam Konopka

Dr Magdalena Dziembowska

Dr Joanna Szczepanowska

ETIUDA 1 – PhD scholarships

Agnieszka Barbara Skąlecka, MSc

Lidia Joanna Wróbel, MSc

Weronika Marta Dębowska, MSc
