

# Nencki Institute of Experimental Biology

## Success of Nencki Researchers in "IUVENTUS PLUS 2011" programme

2011-12-14

---

Successful applicants are:

Msc Weronika Dębowska from Laboratory of Neuroplasticity

PhD Paweł Gajdanowicz from Laboratory of Transcription Regulation

PhD Katarzyna Jednoróg from Laboratory of Psychophysiology

PhD Szymon Łęski from Laboratory of Neuroinformatics

PhD Artur Marchewka from Laboratory of Psychophysiology

PhD Paulina Podrzywałow – Bartnicka from Laboratory of Cytometry

PhD Jan Suski from Laboratory of Bioenergetics and Biomembranes

PhD Jakub Włodarczyk from Laboratory of Neurobiology

The scientists will receive a total amount of 1 606 000 PLN.

The Ministry has secured founding for over 300 young researchers (under 35) who continue their scientific research and whose research activities resulted in publications (publications were at least accepted in international magazines indexed: Journal Citations Report (JCR) or Reference Index for the Humanities (ERIH)).
