## Summer Holiday Brain Days at the Nencki Institute's Hydrobiological Station in Mikołajki

2017-08-01

---

Summer Holiday Brain Days, entitled BRAIN ON VACATIONS (third edition), organized by the PhD students and staff of the Nencki Institute, took place at the Institute's Hydrobiological Station in Mikołajki on July 27<sup>th</sup> 2017. The event was hosted by about 70 people. The presentations included: a neuroanatomic exhibition "Look into the Brain", showing the brain from the outside and inside, microscopic demonstrations of nerve cells in 3D, games, tests and fun for children and adults, showing how interesting the brain can be!
