

Nencki Institute of Experimental Biology

"Summer at the Biologist Laboratory"

2018-08-27

"Summer at the Biologist Laboratory", event for children and youth, organized by the Marcei Nencki Foundation for Support the Biological Sciences and the Nencki Institute, which took place on September 1st this year in the Exhibition Hall of the Neurobiology Center of the Nencki Institute, gained great interest from the participants. Nearly 100 young pre-school and school-aged scholars with a takeover and great commitment, participating in a joint play, explored the secrets of biology.
