## The Nencki Institute Neurobiology Centre - film

2014-07-03

In June 2014 at the Nencki Institute the investment phase of the project of the Neurobiology Centre (CN) was completed as part of the Centre for Preclinical Research and Technology (CePT), coordinated by the Medical University of Warsaw. CePT is a key project of the Innovative Economy Operational Programme co-financed by the European Regional Development Fund.

Neurobiology Centre scientists and the work carried out by them is presented in the movie "*Nencki Institute PAS Neurobiology Center*", which was filmed and scripted by Michael Bielawski. The film also illustrates the themes pursued by the research teams of the Nencki Institute. The premiere took place during the reporting session of the Scientific Council of the Nencki Institute in February.
