

Nencki Institute of Experimental Biology

The New Nencki Institute Guidebook

2017-09-29

In reference to the upcoming 100th anniversary of the Nencki Institute, a new edition of the Nencki Institute's Guidebook "100 years 1918-2018" has been published. Apart from the historical feature, the Guide contains information on the current activities of the Departments, the Labs and the supporting units as well as of the Hydrobiological Station in Mikolajki.
