

Nencki Institute of Experimental Biology

XIII Scientific Meeting for Teachers

2014-12-08

On 6th of December 2014 XIII Scientific Meeting for Teachers was organized by the Nencki Institute, the Centre for Innovative Bioscience Education and the Foundation of BioEducation. About 60 people took part in the event from all over Poland. The guests listened to 5 very interesting lectures (3 of them presented by Nencki Institute employees), which stimulated a heated discussion.
